

Sudden Death Tournament

For many schools, this is the highlight of the weekend! It's 3 a side, no keepers, small goals on a basketball court.

Each school gets a number of teams based on roster size. So, an 18 player roster would get six teams in the tournament.

It's fun, provides a break from full-field play and is great for team bonding. When teams are not playing, or knocked out, they cheer on their other teammates!

The first goal wins, so games can last seconds or up to 6 minutes; when a sudden-death shootout takes place.
